

MONROVIA®

Since 1926

Centennial Ruby™ Hydrangea

THE RED-BLOOMING HYDRANGEA FOR THE NEXT CENTURY

Coming in 2026 in celebration of Monrovia's
100th anniversary

Long-lasting, resilient petals on flowers that
provide months of dramatic color

Shorter, sturdy stems and compact size,
approximately 3 feet tall and wide. Zones 4-9.

Stunning red flowers that age to nearly black.

Waxy, dark green leaves for healthy,
robust plants that are less susceptible
to pests and fungal diseases.

Keepsake commemorative tag for this
special release.
